This will be accomplished by emphasizing the development of both cognitive and social skills. Stark High School offers a safe, secure, clean environment, and researched field-tested educational programs that have proven very successful in educating at-risk students.

Sponsor Statement

Ohio Council of Community Schools (OCCS) uses various methods to evaluate the school's performance including published tests and other academic scores such as the Ohio Department of Education Local Report Card and supporting data. OCCS regional representatives visit our partner schools regularly ensuring compliance with federal, state, and contractual requirements. The results of this monitoring for the 2018-2019 school year are published in the 2018 Ohio Council of Community Schools Annual Report, available after November 30 at www.ohioschools.org.

Mission Statement

To provide students the academic and life skills needed for post-graduation success by incorporating research-based best practices in an innovative and safe learning environment.

This mission will be served by providing the School's students with a personalized academic plan including post-secondary exploration implemented in an environment that is responsive to its students' needs, and by providing an educational experience that leads to a high school diploma (not a GED) and post-secondary success.

- Providing needed social counseling for students who face significant social barriers to attendance and educational advancement.
- Providing flexible scheduling so that each student can attend to his or her responsibilities, such as childcare or work, while obtaining an education at the same time, instead of having to choose between life's necessities and education.
